

Statewide Domestic Relations Caseload Composition in 20 States, 2016

* Single-tiered court system

Other DR includes visitation and other Domestic Relations cases.

Though divorce/dissolution cases often account for the largest proportion of Domestic Relations caseloads, half of these 20 states report percentages below the aggregate 29 percent, and six of these states (AK, DC, HI, MD, MA, NM) report more civil protection order cases than divorces.
